

Spring View HOA

October 20, 2022

Dear Spring View HOA Residents,

It has been brought to our attention that some residents have been disposing of unwanted mail in the pet waste station receptacle at the end of Sahallee Dr. Please note that these receptacles are for pet waste only. We have a new vendor taking over the maintenance of these soon and ask that you please only use them for their intended purposes and dispose of your unwanted mail in your own trash cans.

Regards,

*Heather Smith*
